

Press Release

November 27, 2012

The Supplier Performance Award for consistent quality from American NTN Bearing Manufacturing Corporation (ANBM) was presented to Wisconsin Plating Works of Racine, Inc. during the 2012 Supplier Conference in Elgin, IL on November 14, 2012.

In announcing the award, Frank Gore, Purchasing Manager of ANBM, stated, “We are proud to have Wisconsin Plating as a supplier for NTN. Wisconsin Plating has made continual improvements to reduce scrap and maintain the 100% quality we strive for here at NTN.”

ANBM President, Mr. Katsu Miyake, presented the award to Jeffrey Toeppe, Vice President and Robert Toeppe, President. Six of the fifty-seven ANBM suppliers represented at the Supplier Conference received awards.

ANBM, Wisconsin Plating’s largest customer, manufactures bearings for the automotive and other industries. Wisconsin Plating Division, located in Racine Wisconsin, applies Zinc – Nickel alloy electroplate to ANBM wheel bearing hubs, which are used by Honda, Acura and Ford Motor Company.
